Make some pocket money for yourself and contribute to a really good cause  
– simply by passing on a name!

## WHO ARE WE?

**Transform Renovations** is a local Calgary-based husband and wife team of renovators and designers.

We launched the company when we realized our combined talents complemented our vision of what a good home renovation and interior design company should be.

With over 15 years of experience working with Calgary's building trades, we've built close relationships with the best-of-the-best industry professionals and skilled trades in Calgary.

Rod is a certified journeyman cabinetmaker. All custom cabinetry requests are built by Rod personally.

Sarah's design eye assists clients with anything from material selections and finishes to detailed room layout and décor.

## WHAT WE DO

Here's how we can help you if you want to renovate your home:

### FULL HOME RENOVATIONS

Whether you're still pulling together mood boards on Pinterest or trying to overcome the many dilemmas of renovating an entire home, we can provide the custom renovation services needed to make your dream home come to life.

We believe that every home has the potential to become an idyllic space. We'll help inject the latest colour scheme obsessions, unique design pieces, and fantastic new layouts into the home you're looking to create.

### KITCHEN RENOVATIONS

The kitchen is the heart of the Canadian home: not just a place to prepare and cook food but also to entertain guests and enjoy family time together.

As such, we work with you to bring stunning luxury kitchen renovation projects to life, taking your unique requirements into account to create a practical, stylish, and functional space.

## BATHROOM RENOVATIONS

Your bathroom should be more than a place to brush your teeth and shower.

It's a sanctuary for personal time, helping you escape the day-to-day stresses of life.

We'll create this sanctuary in your home, add a dash of luxury if you like, and also maintain the functionality that makes it easy and practical to go about your daily routines.

## BASEMENT RENOVATIONS

Has your basement become redundant or under-utilized space?

If so, a facelift can rejuvenate the space while adding value to your home.

Whether you're looking for a playroom., additional living space, or a mini-cinema to enjoy movies together with your family, we'll help your basement become a central part of your home.

## CUSTOM CABINETRY & HOME ORGANIZATION

Need some unique, specially designed cabinets to make a space in your home more stylish or functional for storage?

We can design and build custom cabinets, built-in shelves, and small house additions that add beauty and value to your home.

We do it all in-house, use local materials, and personally handcraft every piece with pride and precision.

## INTERIOR DESIGN

Creative interior design ideas can complement your needs and personal styles to deliver solutions that turn spaces in your home into something special.

Creative design can be the difference between simply living in a house and living in a home you love.

Whether you want to revamp one room or your entire property, we can help you shape your vision from the perfect colour for your walls to the ideal lighting options.

## WHY CHOOSE US?

- ✔ **Established and trusted:** we've been bringing high-quality renovations to Calgary homes for over 15 years and have a track record that we're proud of.
- ✔ **Expertise:** Rod's expertise is cabinetry and Sarah's is interior design. That's a perfect match.
- ✔ **End-to-end project management:** we'll manage every step of the project, communicating with you until its timely completion.

- ✔ **Only the best:** we're choosy about the professionals we work with. Over the years, we've narrowed it down to only the best tradespeople.
- ✔ **Affordability:** it starts with a free consultation and, from there, you'll find our quotations highly competitive.

## IT'S EASY TO WORK WITH US

Once you get in touch with us, we will guide you through a simple five-step process:

### ① FREE CONSULTATION AND QUOTATION

We have an initial meeting to discuss your ideas, needs, and timescale so we know exactly what you want.

Then you'll receive a free quotation that includes your \$500 discount as a referral customer.

### ② DESIGN AND PLANNING APPROVAL

Once you've approved the design plan and renovation cost estimate, we will prepare to start work, scheduling the necessary tradespeople at convenient times for you.

We will also make a charitable donation to the Lymphoma Association or to a Crohn's Charity, as per our referral agreement.

### ③ YOUR RENOVATION BEGINS

Once we've taken care of disconnecting any electrical or plumbing and providing demo services, we will cover every aspect of your renovation.

We'll project manage it from end to end and also take care of all permits and any necessary inspections.

#### ④ THE WALK-THROUGH

The most exciting part!

On completion, we'll walk you through your transformed space to make sure you're 100% satisfied (and more!) with the results.

#### ⑤ FINAL TOUCHES AND CLEAN UP

Once you've given us the nod and the smile, we'll organize a thorough clean up of your home.

Then we'll complete any required final touches on your renovation and be on our way!

## GLOWING REVIEWS FROM CALGARY HOMEOWNERS

### ***"Exceptional to work with"***

*"Transform was exceptional to work with and we are very pleased with the work they did for us. From start to finish, they were responsive, timely, and professional. The end result was custom cabinetry that is functional and durable."*

- CLAIRE & LOU

### ***"Thrilled with the final result"***

*"Transform renovated our kitchen and two bathrooms. Their ideas were innovative. They were prompt and finished the project in a timely manner. We are thrilled with the final result."*

- ELLEN

***"An excellent contractor"***

*"After considering other outfits, we hired Transform Renovations to renovate two of our bathrooms, which included the replacement of our furnace and hot water tank. From the beginning, Rod was an excellent contractor. He explained the steps of the project clearly and kept me well-informed of the progress all the way along. Sarah's design advice was on-trend yet sensitive to our tastes. The sub-contractors were respectful, skilled, and efficient. We will be hiring Transform for further work in our house, and I would not hesitate to recommend them to friends."*
